**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed on 11/18/04 has been entered.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 11 is rejected under 35 U.S.C. 102(b) as being anticipated by Gay et al. (US 5,209,509).

Gay et al. teaches a device for supporting a wheelchair occupant's feet available needed and stored within the wheelchair framework when not needed comprising of:

- a. two footrest assemblies (23);
- b. two outer rails (16);
- c. means (24) for attaching said footrest assemblies to said outer rails so as to be able to rotate said footrest assemblies up to clear caster wheel and retract or extend along outer rails and allow said footrest assemblies to lock in place when fully extended; and
- d. means (17) for attaching said outer rails to wheelchair frames of various sizes.

***Response to Amendment***

3. The amendment filed on 09/10/04 has been considered but is ineffective to overcome the prior art relied upon by the Examiner in the last office action. Applicant has not provided an explanation of how the amended claim is not anticipated by the applied references.
